INSTALLER®

Priority Technical Support

When using an ARDEX *LevelMaster Elite* Installer for a flooring installation, ARDEX is committed to providing priority technical support for the project. Technical support on the jobsite is typically less than 24 hours and is given priority over all other jobsite issues in the field.

Technical Proficiency

ARDEX *LevelMaster Elite* Installers are highly skilled and have the highest level of technical knowledge and competency across all ARDEX product categories. They are required to complete specialized annual ARDEX continuing education courses to maintain the highest levels of product and technical knowledge.

Dedicated Website and 24 Hour Web Access

ARDEX maintains the *LevelMaster Elite* website at www.levelmasterelite.com where contractors have access to installer contact info 24 hours a day, 7 days a week.

Track Record of Consistent Success

Each ARDEX *LevelMaster Elite* Installer has an extensive track record of successful installations ranging from large commercial projects, national retailers, health care facilities, educational institutions, as well as decorative flooring expertise. No other group of installers in North America has the level of experience or capabilities to ensure the job is done right the first time.....every time!
